"As an autodidact, he has developed his own interesting style, which is reminiscent of Picasso's work in the forms of the figures and the variety of colours, but much more naïve and playful. - Süddeutsche Zeitung (2018)

my art

220 x 118 cm (h x w)

ART IS MY VISION, MY VOICE.

paintings that reflect the world surrounding and driving me in bright, vibrant colors reminiscent of the rich light in Cuba.

Influenced by the Cuban *joye de vivre* and global events, my works foreground people, nature and the spiritual world. Some of the subjects are reminiscent of mystical beings, other alienated or even recreated beauties of nature.

The hidden messages of these figurative paintings, rich in symbolism, are intended to encourage the viewer to take a deeper look at our surrounding.
